The products in this invoice do not contain any dog or cat fur, according to EU regulation no. 1523/2007.

We declare that the wool or leather exported as per this invoice is not of animals or plants subject to the 1973 Washington Pact therefore a licence is not required.

The textile products listed in this invoice have been labelled according to EU regulation no. 1007/2011.

Alpaca labels identify fabrics that are made from the woollen fleece that is cut off the alpaca sheep. A product with an alpaca label contains no leather and no alpaca hides of any kind whatsoever.

We declare that these goods can be freely exported, since they do not come under following categories:

- goods included in the double-use products list (civil and military aims simultaneously)
- goods intended for the weaponry manufacturing or for military use
- goods submitted to cultural heritage for authorization/check
- goods which come under the washington convention: animal leather and parts, dying flora
- goods containing narcotics and psychotherapeutic drugs
- goods used as torture or repression instruments
- goods submitted to ministerial licence
